

Strengthening the capacities of municipal assemblies (councilors) through peer learning

Connective Cities Dialogue Event
Cologne, 10 July 2018

Project overview

- Project / process title: Strengthening the capacities of municipal assemblies (councilors) through peer learning.
- Name/s of the involved institution/s: ANAMM, PRODEM and CONCERN UNIVERSAL (UNITED PURPOSE).
- Three-line project description: Municipal assemblies members (councilors) benefited from training sessions facilitated by other skilled councilors (members of ANAMM).

1. Institutional setting

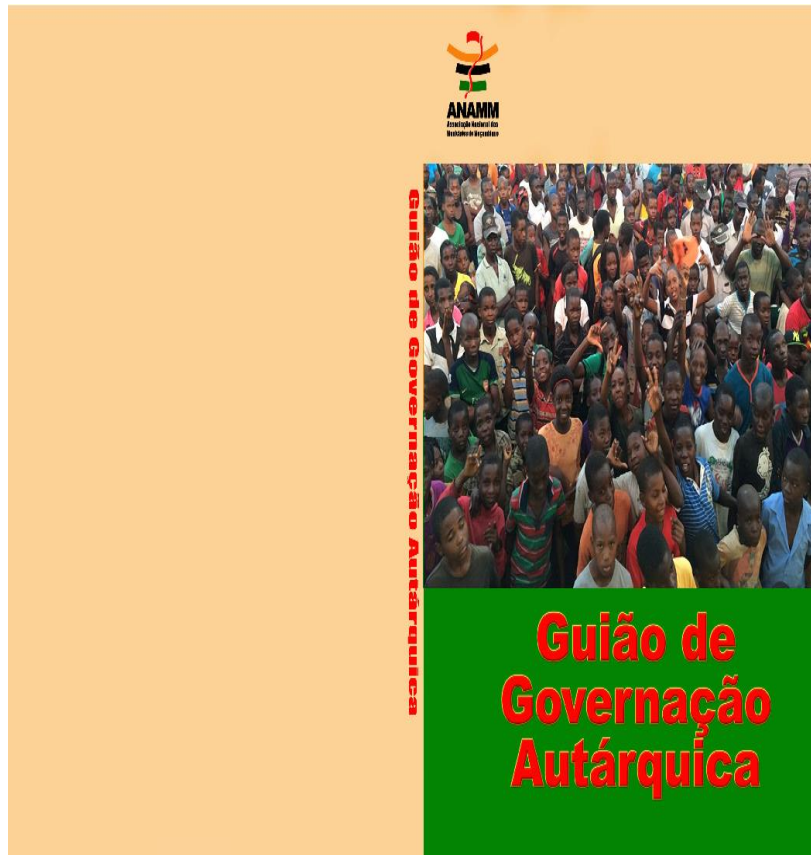

2. Starting point

- Weak involvement of ANAMM members in the activities of the association.
- Poor capacity of members of Municipal Assemblies to effectively carry out their role of representation, oversight and deliberative.
- Poor relationship between the elected officials (mayors and municipal assemblies presidents).
- Consultancy companies were not good enough option for training delivery since municipal management is still a limited/closed business.

3. Approach

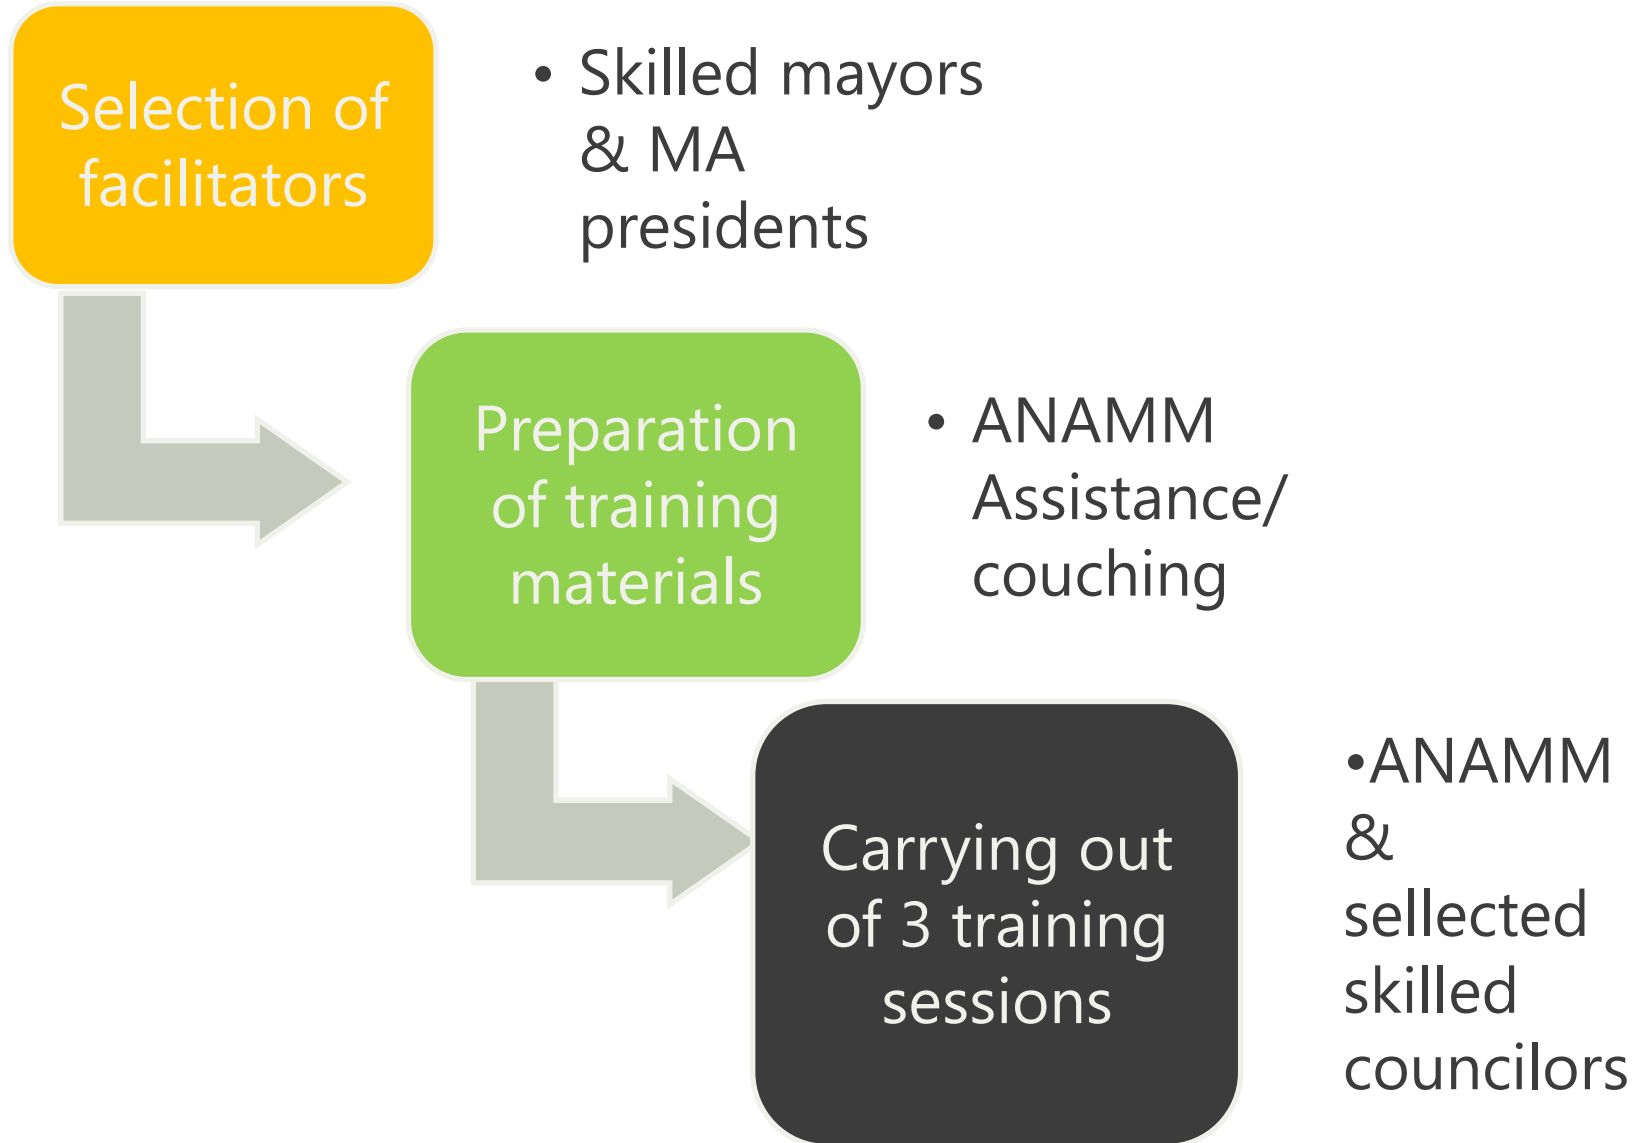

Training module for municipal assemblies

Content

- Functioning of Municipal council
- Functioning of Municipal assembly
- Role of women in the municipal development
- Articulation and relationship between municipalities and State institutions
- Citizen engagement

3. Approach (Cont.)

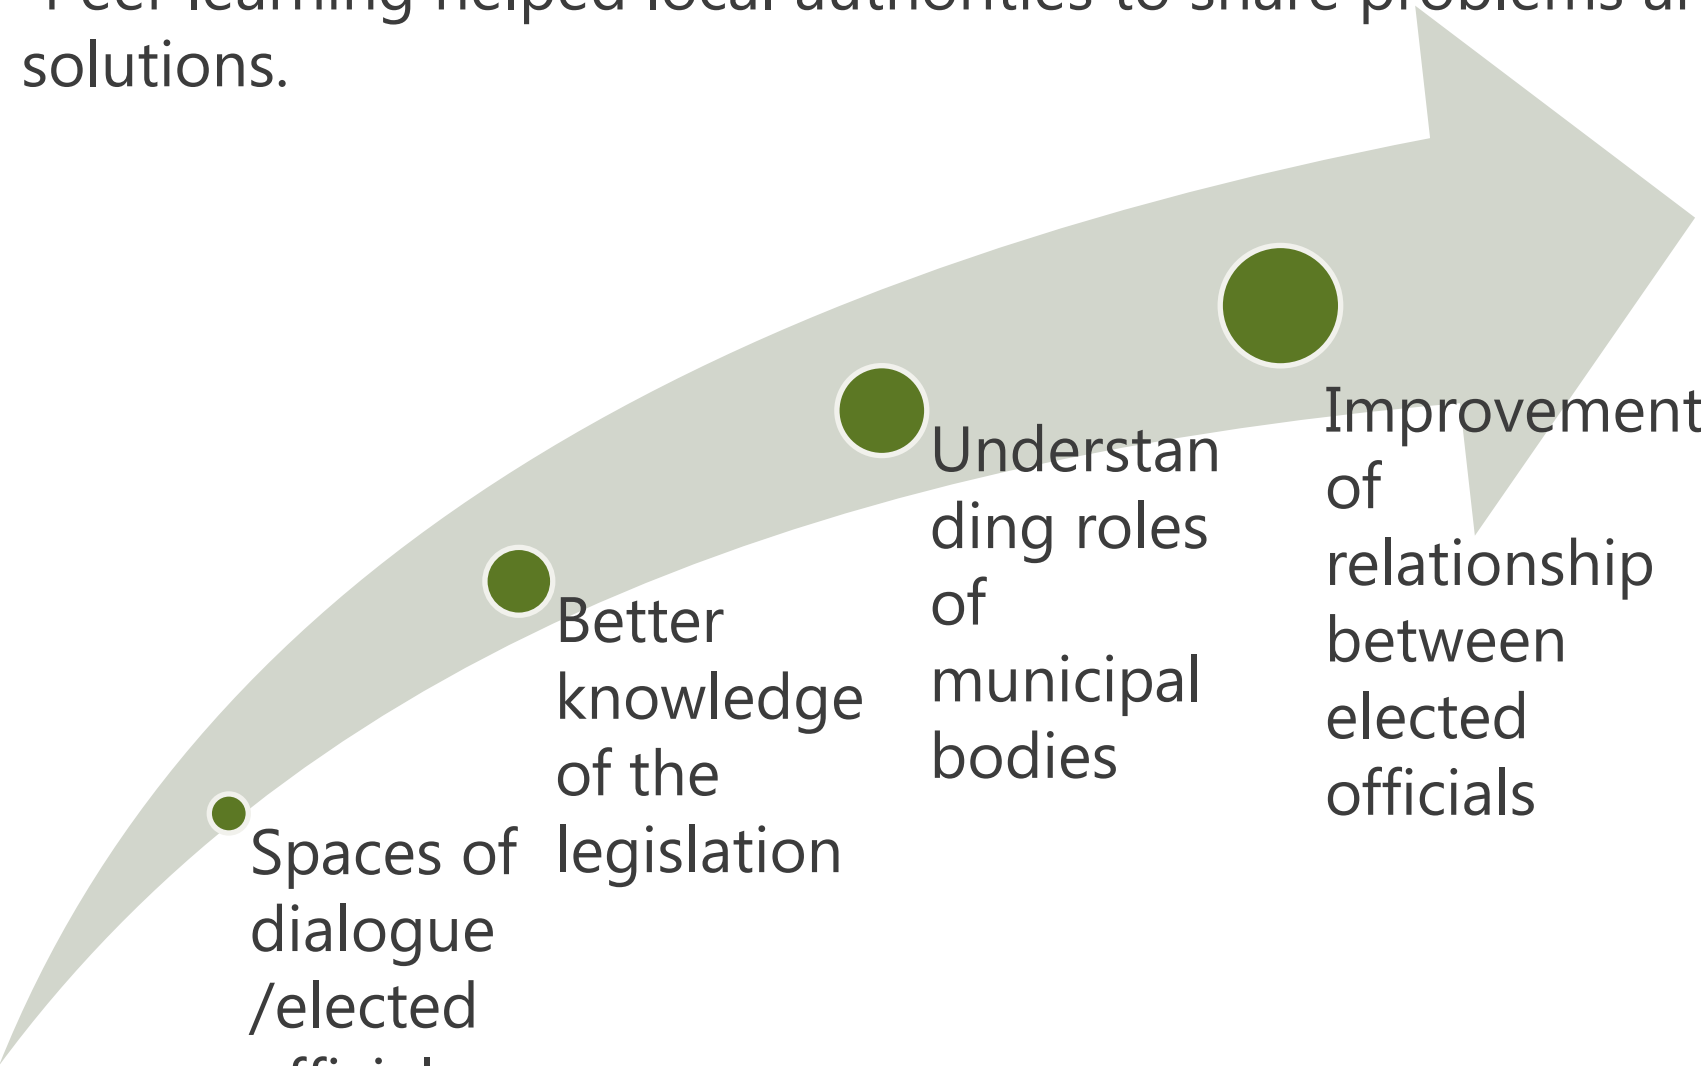

4. Outputs

- Improvement of relationship between the elected officials;
- Developed and consolidated the training module for the members of municipal assemblies;
- Ownership: Members of ANAMM more involved in ANAMM activities;
- Strengthened the capacities of ANAMM staff to facilitate peer learning sessions.

5. Lessons

- Peer learning helped local authorities to share problems and solutions.
