## Introduction to the project

Based in the workshop organized at the Cultural Center/Amman and the dialogue council, which took place on 26 June 2018, the Head of the Development Unit and members of the unit, a meeting targeted the youth group on 10 July 2018 accompanied by the themes of the attendees and the circulation of projects submitted by the municipality of Junaid. Opinions are poured into these projects and the interest of the region if implemented and what projects will provide the area of development and benefits.

## Results of the workshop

The results of the workshop were positive and the citizens' consensus was on the environmental lodges, the solar energy, and the service and development projects that the citizen touches.

An introduction
